This single sided banner system is free standing, sturdy, and ultra-lightweight, making it ideal for instant presentations.
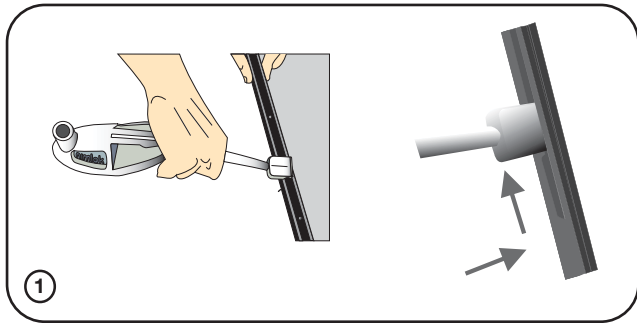

Complete with a graphic, it fits into its own carry bag.

Optional halogen lights (L10, L5 and Skinny)

| Hardware Specifications	Graphic Specifications	Additional Info
Assembled dimensions (mm): W850 x H2175 approx Weight: 4.5kg including unit, graphic and bag.	Visible graphic dimensions: W845 x H2150	Bag: Black nylon bag with strap 880mm x 230mm x 90mm

① Position base by pushing into the slot and sliding left to the centre of the bottom strip.

② Assemble pole by connecting the three attached sections together.

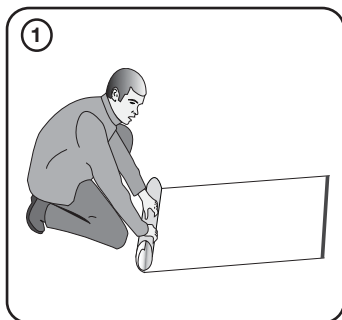

**③** Position assembled pole into hole in the base.

④ Lean the unit forward and bend the pole until the top hook of the graphic fits into the top of the pole.
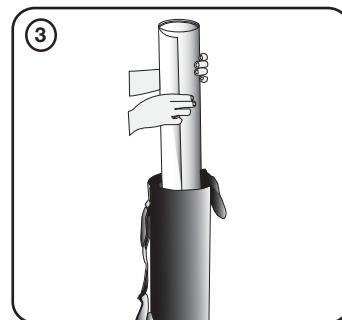

Packing Instructions

**①** Roll the graphic with the image facing outwards, starting at the bottom of the graphic.This will prevent the top hook from damaging the panel.

② Place the base and pole into the pockets of the wrap. Then roll the wrap up and secure with the velcro straps.

③ Place rolled graphic into the bag. Loosen the graphic to the outside of the tube to allow for the wrap to fit in the middle.

④ Place the rolled up wrap in the middle of the graphic in the bag. Once inside place the cap on top and zip up the bag.
