

Set Up Instructions

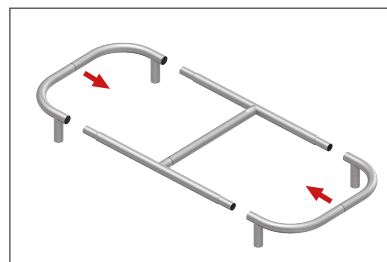

Step 1: Connect the end corner sections by matching symbol shapes and colours on pipes.

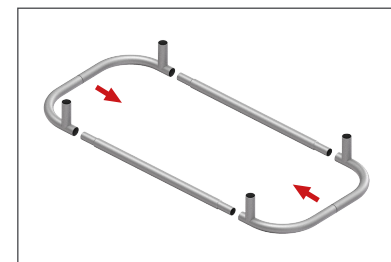

Step 2: Connect the two T-shape sections by matching symbol shapes and colours on pipes. Top side only.

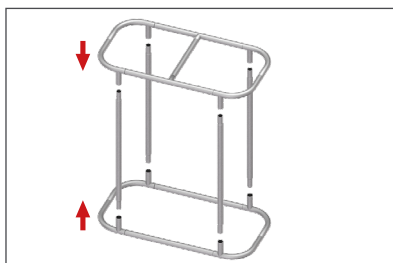

Step 3: Connect the end corners to the assembled T-shapes by matching symbol shapes and colours on pipes.

Step 4: Assemble the bottom sub-section similar to the top. Bottom does not have a T-section.

Step 5: Assemble the top and bottom sub-assemblies using the verticals. Match symbol colours and shapes.

Step 6: Slide the print onto the frame like a pillow case. Unzip, if received zipped.

Step 7: Slide and stretch the print right down to the bottom.

Step 8: Zip up the bottom zipper. It may help to unzip the vertical T-zip if it's tight.

Step 9: Screw in the four feet. Adjustment may be necessary after the counter is stood up.

Step 10: Place the acrylic counter top on to the graphic. Push down to secure the Velcro (Velcro tabs facing down).

Step 11: Counter is now ready to use. Enjoy!
